

SENSATIONAL
RUMORS AFLOATOFFICIALS KEPT BUSY DENYING
WAR STORIES.

Rumors Cover Every Phase of Mexican Situation From Actual Intervention to Assemblage of Great Military Force on Border.

Washington, March 29.—A series of rumors concerning the Mexican situation, covering every possible phase of activity on the part of the American government from actual intervention to the assemblage of great military forces on the border, down to the dispatch of an embassy guard to the Mexican capital, surged through official Washington to day.

All the alarmist stories appeared to have had their inception at points which would be naturally little informed of the plans of the two governments. It is quite certain that they did not originate in the military or the Mexican capital but have been cut off from telegraphic communication with the outside world since 7 o'clock last night, they were attributed to the insurgent press agents. Officials were kept busy to deny denying stories or tempering them with additions of fact that deprived them wholly of sensational features.

It was declared by one government official and denied by another, however, that the United States had permitted a shipment of arms and ammunition to go through to the Madero government.

President Taft believes there is no ground for intervention in Mexico and has not changed the belief as the result of any of the military engagements in Mexico within the last few days. Consequently it can be stated positively that no steps have been taken within that time to strengthen the American military force on the border nor to prepare any expeditionary force to operate in Mexican territory.

The supposition that anything of importance could be done in that direction without some knowledge on the part of the country at large and a direct appeal to congress is declared by the military authorities to be absurd upon a mere inspection of the condition of the army within the United States at this time.

Admitting that the braunt of a campaign would be borne by the infantry, it is apparent that very little of that part of the service is available for a Mexican campaign. There are in the east only four regiments of infantry and two battalions. In the central division there are three infantry regiments, and in the Pacific coast, after the sailing of the next troop ship for Honolulu on April 6th, but one infantry regiment will remain. The total infantry force that could now be gathered for Mexican service without a resort to congress and a call for a national guard would be actually smaller than the maneuver division which was assembled in Texas under General Carter last summer. The general staff, as a matter of course, long ago made inquiries of what could be done in an emergency. The condition of the national guard was another subject of inquiry; amount of supplies in military stores was estimated; some steamship companies were asked about their ability to transport troops, and so were railroad companies.

All this sounded warlike in the aggregate, but it is declared by the military officials and even by higher authorities that these were nothing more than purely precautionary measures and were not to be regarded in any sense as indicating the purpose on the part of the administration to become involved in the struggle in Mexico.

MORE SAVINGS BANKS.

One Thousand More Postoffices Designated by Postmaster.

Washington, March 29.—Postmaster General Hitchcock today extended the postal savings bank by designating one thousand fourth class postoffices to open savings bank branches on May 1.

About eight thousand postoffices now are taking postal savings. All are presidential offices. It is the purpose of the Hitchcock plan to extend the postal savings system to the smaller offices in the rural districts, at the rate of one thousand a month, until practically all postoffices doing a money order business have been designated. When this shall have been accomplished the postal system will be the most extensive savings institution in the world and the country will have practically 50,000 postoffices doing a saving business.

SENT TO BRIDWELL.

Pat Crowe Asks to be Treated For Drink Habit.

Chicago, March 29.—Pat Crowe, who kidnapped Eddie Cudahy and obtained \$25,000 ransom for his release, was sent to the Bridwell today with the recommendation that he be treated for the drink habit.

"I want to go to the Bridwell and sober up," Crowe told Municipal Judge Rooney. "After I'm released I'll go to a Wyoming ranch and rest up."

Crowe recently was discharged from the municipal court on his promise that he would leave Chicago.

BOAT RACE TODAY.

London, March 29.—The Oxford and Cambridge crews will row their annual race on the Thames course from Putney to Mortlake, about four and a quarter miles, to-morrow. Oxford is the favorite.

FEDERALS FLED
THEIR POSITIONS

LEFT GUNS, HORSES AND AMMUNITION BEHIND.

Mexican Rebels Send Out Report of Their Victory at Atotonilco Thursday Night—Federals Had Hundred or More Killed.

Jimenez, Mexico, March 29.—Two machine guns and one cannon and more than 300 horses and 15,000 rounds of ammunition left behind when the federals fled their position at Atotonilco last night. Saddles and other equipment also were left in the ruins of the village, which was practically destroyed by the rebels.

No accurate statement of the dead and wounded can be made, but it is not improbable that the federal dead will total more than a hundred. The gathering of the wounded continued to day. The hospital wards in Jimenez are crowded and many wounded have been sent to Chihuahua.

General Aubert's force is now thought to comprise not more than 800 men and is believed to be making its way south to join General Huerta's column. Rebel cavalry is in pursuit. Huerta is said to be only a short distance south of Escalon, repairing the track of the Central railroad.

It is possible the next big conflict will occur in the same district where Salas' force was routed by General Campa's men.

General Salazar who is in charge of the operations has reported to General Orozco at Jimenez that the defeat of Aubert's forces was complete.

It is reported, but not confirmed, that General Aubert was killed in the fighting yesterday. A body thought to be his was picked up to day.

SLANDER SUIT

Secretary to President of Chicago University Testifies in Miss Mercy's Damage Suit.

Chicago, March 29.—After a hurried return from Europe in order to be here to testify in the suit of Miss Esther Mercy against Miss Marion Talbot, dean of women at the University of Chicago for \$100,000 damages for alleged slander, David Allen Robertson took the witness stand today. He is secretary to Harry Pratt Judson, president of the institution, and was a witness for the defense.

Robertson made emphatic denial that he went to Europe to avoid being a witness in the case. His testimony related chiefly to interviews he had with Miss Mercy before she was barred from the university. Telling of his first meeting with her, he said:

"She came into my office and wanted to borrow money from the students' fund society. She asked for a loan of \$50. She said she wanted to pay a burglary insurance premium. She also related to me the loss of the aggregates from her hat."

Robertson said Miss Mercy came to his office several times and asked to see President Judson.

"How did she appear?" he was asked.

"Excited and unwilling to discuss further her business with me," replied the witness.

Court adjourned until Monday. It is believed the case will be closed next week.

ATTRACTED GREAT INTEREST.

Inquest Held Over Body of Innocent Victim in Battle With Convicts.

Springfield, Neb., March 29.—The coroner's jury which today heard thirty witnesses testify in the inquest over the body of Roy Blunt, innocent victim of a battle ten days ago between officers and three escaped convicts, near the village, was given the case tonight, with instructions to return a sealed verdict tomorrow. Probably no inquest in the history of the state has attracted more attention than that held today and feeling has run high, and considerable bitterness toward the officers who did the shooting has been shown.

The opera house, where the quest was held, was packed and hundreds could not secure admittance. Coroner Armstrong caused the read to the crowd a letter from Governor Aldrich in which the latter cautioned the officers of the inquest that the proceedings should be conducted in a calm, impartial and judicial spirit, and to remember that the posse of officers were in pursuit of desperate men and in so doing these officers took their lives in their own hands and that what may have seemed the unnecessary taking of an innocent life was prompted by no spirit of lawlessness, but rather should be considered an unfortunate accident.

UMPIRES NAMED.

Peoria, Ill., March 29.—President Cline of the Illinois-Missouri Baseball league today announced the names of the umpires who will officiate during the coming season. They are: Peter J. Shea of Detroit, George H. Malven of Memphis, Ill., Patrick Fry of Terre Haute, J. H. Farrell of Moberly, Mo. They were offered to report May 8.

FAVOR MEMORIAL.

Washington, March 29.—The erection of a memorial amphitheater in the Arlington cemetery at a cost of \$750,000 was approved by the senate committee on public buildings today.

ADDS NEW PLANK
TO HIS PLATFORM

AGITATES BETTERMENT OF COUNTRY LIFE.

Subject Discussed by Col. Roosevelt in Speech at St. Paul—Advocates Policy of Governmental Activity in This Direction.

St. Paul, Minn., March 29.—Another plank in the platform upon which Col. Roosevelt is to fight on his campaign was brought forth in a speech which he made here tonight. Taking as his subject, "The Welfare of the Farmer," he said that the movement for conserving the country's natural resources and for helping betterment of country life had not been carried forward in the period since the end of his administration. He advocated a policy of governmental activity in this direction.

Col. Roosevelt's address was delivered toward the close of a day in which he traveled across Iowa and part of Minnesota and made a dozen speeches. On reaching St. Paul, he conferred with political supporters, and in the evening went to the Auditorium, where he made his principal address of the day. He then went to Minneapolis to make a short speech, before starting for Chicago.

In his speech here Col. Roosevelt said that the progressives stood for conservation and betterment of country life. "For the last three years," he said, "there has been as regards as both of these, first reaction, and second, when under a storm of public disapproval the policy of open reaction was abandoned, weak and heavy action without the forceful central leadership which can only come from deep and abiding conviction."

The colonel referred to his appointment of the national conservation commission and added:

"Unfortunately the policy thus begun was completely reversed by the appointment of Mr. Ballinger and the dismissal of Gifford Pinchot."

Speaking of the movement for the betterment of country life, the colonel expressed the belief that farmers should adopt the co-operative system.

Most of Colonel Roosevelt's speeches were delivered from the rear platform of his special train. At Cedar Rapids, Vinton, Waterloo, Cedar Falls and Rockford and at Owatonna, Faribault and Northfield, Minn., he spoke from the train.

At Albert Lea, Minn., he left his train to address an open air meeting. The impromptu meetings at railroad stations today were among the largest of the colonel's tour through the middle west. In these speeches Col. Roosevelt repeated his arguments in favor of control of the government by the people instead of by a "representative part of the people," which he said, "always meant the bosses."

At Albert Lea he discussed the tariff, re-affirming the position which he has previously stated in favor of regulation of tariff schedules by a commission. A delegation from St. Paul and Minneapolis met Col. Roosevelt at Albert Lea and escorted him to the Twin Cities. A crowd and a band met him at the station here. After his speech in the Auditorium he was taken by automobile to Minneapolis, for the meeting there.

Tomorrow Col. Roosevelt will private car will be switched to the Belt Line at Chicago, which will convey him around that city to the road over which he will travel eastward.

Colonel Roosevelt's entrance to the Auditorium was spectacular. Seated in an automobile, from which a dozen flags were flying, he was driven to night through a rear door onto the floor of buildings, into the fringe of the crowd. Col. Roosevelt stepped from the text of his prepared speech to discuss several other questions which he has taken up in recent addresses. He laid emphasis upon the direct presidential primary.

MUNSEY'S OPINION.

Washington, March 29.—"Had the government controlled our natural resources there would have been no United States steel corporation, no Standard Oil company, no Andrew Carnegie, no John D. Rockefeller," declared Frank A. Munsey, the publisher, today before the house select investigating committee. Mr. Munsey during the course of his testimony which related to a published article regarding the valuation of the corporations properties, declared for conservation and suggested that the government condemn natural resources "if feasible," but he made no suggestions for such a plan.

SERMON HAD NO EFFECT.

Chicago, March 29.—"Thou shalt not kill," was the text of a sermon the Rev. N. Lukaszus delivered at St. Michael's Lithuanian church tonight. In the audience, seated a few feet from each other, were Joseph Zilinski and his niece, Miss Dancza Viazek, who until recently were engaged to be married. After the service closed Zilinski met his niece outside the church and shot and killed her. Then he shot himself, inflicting a serious wound.

DRIVEN FROM ROOMS.

Chicago, March 29.—Scores of occupants of a north side hotel were driven from their rooms to day by a fire which caused a loss of \$25,000. There were many narrow escapes as the guests hurried through smoke filled corridors and several women were assisted down fire escapes. No one was injured.

FRIDAY IN CONGRESS.

In session at 10:45 p. m.
Resumed debate on service pension legislation which will be voted upon before adjournment.
Grand army veterans urged before public buildings committee passage of Sutherland bill for memorial amphitheater at Arlington National cemetery.
Inter-oceanic canal committee discussed Panama canal tolls.
Isthmian canal committee, chairman Goethals told inter-oceanic canal commission first ship would go through Panama canal in August or September, 1913.

House.
Met at noon.
Began debate on wool tariff revision bill.
Leader Underwood announced cotton tariff revision would be taken up if senate acted on tariff measure already passed by house and the wool bill after it passes.
Frank A. Munsey told steel trust investigating committee he obtained estimate of valuation of steel corporation's property from its books and from talks with steel men.
Interstate commerce committee unanimously voted to report favorably a bill providing for physical valuation of all railroads of United States.
Elections committee voted to recommend unseating of Representative C. C. Bowman, eleven-year Pennsylvania democrat, on charges of election frauds.
Democratic Leader Underwood severely arraigned tariff board in opening wool bill debate.
Alaskan Delegate Wickersham charged Governor Clark with "deliberately misstating facts about Alaskan conditions."

ECONOMY MESSAGE

President Taft to Recommend Legislation That Will Save Millions Dollars Each Year.

Washington, March 29.—President Taft will send to congress next week what he regards as one of the most important messages he has written this year. He will recommend legislation designed to save millions dollars each year, consolidating government bureaus and generally making the machinery of the government conform more nearly with the plans drawn by the economy and efficiency commission appointed by him in June, 1910. Practically every department of the government is concerned in the proposed reforms and every member of the cabinet was present at today's session.

Reforms indicated as feasible in the president's January message, he said, would save the people more than \$2,000,000 annually, but it was said to night that other changes worked out since then by the commission would largely increase that total.

ANOTHER OUTLAW
NOW IN JAIL

Friel Allen Taken by Officers at Home of Father—Only Two More at Large.

Hillsville, Va., March 29.—Friel Allen, one of the outlaws hunted for the court house assassination on March 14, was taken to day by Detective Tom Flats at the home of Jasper Allen, his father. To night he occupies a cell in the local jail.

Only Sidna Allen and his young nephew, Wesley Edwards, are fugitives to night. They are the last of the outlaw band whose ruthless killing a judge, sheriff, prosecutor, juror and bystander on March 14.

Friel Allen two days ago deserted the two men who still are at large and brought to night their ultimatum of defiance. Both are prepared to resist until death. The young prisoner talked of his conversations with Sidna and Wesley. The former said, admitted killing Judge Thornton L. Massey, while the latter acknowledged shooting Commonwealth's Attorney William M. Foster. His own part in the tragedy he would not discuss. He said Sidna told him he shot his pistol empty three times.

He always was angry at Judge Massey," the boy said. "He had shot Judge Massey and that Wesley shot Mr. Foster. Uncle Sidna said he intended to get as many of the court officers as he could. When we were shooting the people in the street he really didn't know he was firing at any of the jury. He said he saw men running and thought they needed shooting at."

Friel told of their privations in the bushes and admitted he had just been starved out.

SPEAKS FOR WILSON.

Oshkosh, Wis., March 29.—United States Senator Gore of Oklahoma made several speeches in the Fox River valley cities today in favor of the presidential candidacy of Governor Woodrow Wilson of New Jersey. Senator Gore said that Governor Harmon and declared against the initiative and referendum and Mrs. Underwood favored them; that Underwood opposed to the measure, while Mr. Bryan favors them. Where Clark stands on these two reforms, he said, he did not know.

BIRTH RECORD.

Born Friday night to Mr. and Mrs. Walter Haley of Hardin avenue, a son.

JURY RENDERS
VERDICT TODAY

BLAME FOR ROCK ISLAND RIOTS MAY BE FIXED.

Several Persons Most Active in Demonstration Will Be Held to Grand Jury—City Returning to Normal Conditions.

Rock Island, Ill., March 29.—It is expected the coroner's jury which is investigating the cause of the deaths of Frank Kellogg and Raymond Swingle, victims of Tuesday night's riots, will return a verdict to-morrow, and the indications are that one or more of the persons most active in the street demonstrations that led up to the fatal clash will be held to the grand jury. The latter body will begin hearing witnesses to-morrow morning. Scores have been summoned to tell what they know of the riots of the present week. Four of the fourteen witnesses heard by the coroner's jury to day swore that they heard Harry H. McCaskin, Republican candidate for state's attorney, advise the crowd that he was addressing Monday night to overpower the police in the event that the latter sought to prevent distribution of John Looney's newspaper, an issue of which had been previously suppressed by order of Mayor H. M. Shriver, because of a scandalous attack on the mayor.

James Lannen, a Looney follower, admitted to the jury that he cut the fire hose while water was being turned on the crowd before the newspaper office. The majority of the witnesses testified that the crowd had gathered before police headquarters Tuesday night previous to the fatal shooting, threw bricks at the building.

Looney has stated that his paper will be published to-morrow and that it will be more sensational than it was last Saturday. Postoffice Inspector Hudsell, who has been ordered here by the federal authorities to determine whether Looney has circulated obscene matter, is expected to arrive in the city by to-morrow.

The city is rapidly returning to normal conditions. A conference is to be held to-morrow with a view to reducing the number of troops stationed in the city. There are 600 soldiers here and it is probable that by Sunday 400 of these will be ordered to return home, the remainder to stay until after the primary, April 9.

The saloon keepers were called before the authorities to night and informed they could re-open their places to-morrow on promise of preserving order.

WOOL TARIFF DEBATE

Enlivened by Attack on Congressmen Interested in Woolen Mills Company.

Washington, March 29.—The debate on the wool tariff revision bill in the house to day, was enlivened by Representative Reilly, Democrat, of Connecticut, who sharply attacked his Republican colleague, Representative Hill, author of the minority wool measure. Mr. Reilly declared that Mr. Hill was unfit to have any part in the framing of such legislation, because he was an officer in the Norwalk Woolen Mills company, and had been for years. Mr. Hill's son, Mr. Reilly added, was treasurer of the company. His case is typical of the policy of the Republican party of putting friends of the interests on the committees having charge of the legislation affecting those "interests," Mr. Reilly said.

"I have the highest respect for my colleague and I do not condemn him for holding stock or for being an officer of a woolen mill company—I hope he owns stocks in many. I do contend, however, that he is not the man to draw a woolen tariff bill. Truly his case exemplifies the Republican appeal, 'let the tariff be revised only by its friends.'"

Mr. Reilly said the Norwalk mills had been shut down by the American Woolen company, which, he said, was better known as the "woolen trust." He intimated that the Norwalk company had been absorbed by the "trust" and that its officers, "had been taken care of."

Mr. Hill, seated across the aisle from Mr. Reilly, smiled throughout the attack, but made no reply.

MURDERERS IDENTIFIED.

Waukegan, Ill., March 29.—Two witnesses identified Roy Day and Joseph Hubbard, as the slayers of Melvin Bradrick, when they were placed on trial to day. Bradrick was shot near his home here last September.

COURIER INCORPORATED.

Through the secretary of the state the Courier received their articles of Incorporation Friday and after Monday, April 1, the paper will be known as the Jacksonville Courier. There are 500 shares in the company and Mrs. Hattie Doying owns 155 and the four directors, together with the following: Miss Emma N. Doying, Mrs. Mary A. Olds, Mrs. Elizabeth A. Vickory and Miss Nell C. Doying each have one share.

The following are the officers of the corporation:

President—W. D. Doying.

Vice-president—G. E. Doying.

Secretary-treasurer—C. P. Doying.

Directors—Mrs. Hattie Doying, W. D., G. E. and C. P. Doying.

REJECT DOLLAR
PENSION BILL

THEN PASS SMOOT AGE AND SERVICE MEASURE.

Bill Passed by Senate Will Increase Pension Roll \$20,000,000 Annually For Five Years—Now Goes to Conference With House.

Washington, March 29.—The senate tonight by a vote of 21 to 16 rejected the Sherwood dollar-a-day pension bill which had passed the house and then adopted, 56 to 16, the Smoot general age and service pension measure, under which the pension roll would be increased by \$20,000,000 annually during the next five years.

During the debate, Senator Overman's reference to the burdens of the southern people because of pension legislation, brought a tart reply from Senator William Alden Smith of Michigan.

"I remind the senator that this entire pension burden could have been avoided by the south if it had been loyal to the union," said he. "I cannot remain silent and hear senators from the south compare the pension bill to a burden on our government has been called upon to bear because of your own unwillingness to live with us under the same flag and in a united country."

"Distinguished southern men who served in wars prior to the civil war not only received with evident satisfaction, but asked the government to reward them for their military services. But that includes among others men no less conspicuous than Robert E. Lee, and Stonewall Jackson, who were not above asking this government to reward them for sacrifices made in the war with Mexico."

"For several years I occupied a seat in the house of representatives next to gallant Joe Wheeler of Alabama and I never heard his vote cast against a pension bill."

You have taken care of your own soldiers in the south, but the record of senators in war on either side would be more luminous and creditable if they could treat their fellow men with the same generosity and kindness."

The bill requires beneficiaries to have served ninety days, and provides pensions ranging from \$12 to \$30 a month instead of a sixty day minimum and \$15 to \$30 pension as in the house measure. The bill now goes to conference with the house. The show of a possible presidential veto hangs over the measure.

The senate added provisions that would prohibit attorneys' fees and that would grant \$30 a month to former soldiers disabled by service, wounds or diseases, the latter being estimated to add \$2,500,000 to the annual outlay under the bill.

The entire negative vote on the final passage of the bill was cast by Democratic senators from southern states. The northern Democrats voted with the Republicans for the bill.

The 21 senators who vote rejected the house Sherwood bill, the real contest of the day, were: Chilton, West Virginia; Culberson, Texas; Foster and Thornton, Louisiana; Hitchcock, Nebraska; Johnson and Gardner, Maine; Johnston, Alabama; Kern and Shively, Indiana; Len, Tennessee; Martine, New Jersey; Overman and Simmons, North Carolina; Owen, Oklahoma; Percy and Williams, Mississippi; Rayner, Maryland; Swanson, Virginia; Smith, Georgia, and Smith, South Carolina.

On this vote the northern Democrats voted in the negative because they preferred the Smoot bill and the southern Democrats because they opposed both the house bill and the senate measure.

CANNOT ADD TO CALL

Governor Cannot Legally Designate New Legislation For Special Session of Legislature.

Springfield, Ill., March 29.—Governor Denen cannot legally add to his call for a special session of the legislature after the call has been issued. This opinion was rendered today by Attorney General Stead, in response to an inquiry from the senate.

It is possible for the governor, in the opinion of the attorney general, to issue a new proclamation at any time, whether the assembly is in session or not, and a new subject could be brought before the members in this fashion.

However, as this would constitute a new session, it is believed that with the issuing of a second proclamation each member would be entitled to the regular allowance for mileage, stamps and newspapers, entailing a total cost of approximately \$6,000.

Governor Denen sent a message to the senate Tuesday amending his call so as to include legislation amending the sanitary district laws. The senate asked Attorney General Stead whether they could legally act on the subject.

MISSISSIPPI RISING.

St. Louis, Mo., March 29.—The Mississippi river rose eight tenths of a foot here in twelve hours to day, the gauge registering 28.3 feet to night. With the river marking 51.3 feet at Cairo, Ill., and rising slowly, flood conditions above and below that point have assumed serious proportions.

TAFT MOTTO.

Pierre, S. D., March 29.—Names of Taft delegates to the national Republican convention were filed today for the primary under the motto:

"Taft, world, peace and progress."

SETTLE THEIR
WAGE DISPUTE

SOFT COAL MINERS WILL NOT STRIKE.

Arrange for Settlement of Dispute Satisfactory to Both Sides—Anthracite Miners and Operators Fail to Agree and Mines Close Today.

Cleveland, March 29.—Settlement of the bituminous coal miners wage dispute on a basis satisfactory to both sides was announced late to night as having been practically arranged.

A sub-committee to which the operators' and miners' conference had referred a compromise offer by the miners, said it had agreed to the settlement and the terms were being drawn up. The terms as given out provide for increases in pay to the miners as follows:

Five cents a ton for mining lump coal.

Three cents a ton for mining all other coal.

Increase of 5.26 per cent for men paid by the day.

E. A. Cole, representing the Ohio operators, and H. M. Taylor, representing the Illinois operators, said shortly before midnight that all the operators of western Pennsylvania, Ohio, Indiana and Illinois had agreed to grant the increases. They said the agreement would be the basis for making new wage scales of bituminous miners in other states.

A short suspension in the bituminous fields, however, was thought not improbable, as the miners will have to submit the compromise agreement to a referendum vote of the union pending which, it was said, it was unlikely the men would work without an agreement.

Anthracite Miners Quit Today.

The first step toward a stoppage in coal production in the United States as a result of the miners' wage dispute was taken to day when the union ordered 170,000 miners in the anthracite regions of Pennsylvania to quit work next Sunday at midnight. The suspension was ordered because of the operators' refusal to grant the union demands for increase pay.

The shutting down of the mines, the union officials say, will cause a loss in the coal production of the country of 7,083,000 tons of anthracite coal a month, and will entail a loss in pay to the miners of not less than \$350,000 for every day they remain out.

Measures to get miners and operators to renew negotiations broken off in New York several weeks ago already are talked of.

NAMES SON SUCCESSOR.

Kansas City, Mo., March 29.—Joseph Smith, who organized the Reorganized Latter Day Saints church and has been its president for more than fifty years, to day definitely designated his son, Frederick M. Smith, as his successor. The announcement was made in a signed communication directed to one of the church's leading papers published at Lamoni, Iowa.

The son is to assume the office of the presidency whenever from any cause the father shall find it necessary to vacate the position. President Smith is almost 81 years old and his son is 38 years old.

PROVED WRONG MAN.

Medical Lake, Wash., March 29.—The man believed to be the missing Carson Long, son of Alderman Long of Chicago, was found to day and proved to be Charles Posson.

MRS. VERMILYA'S TRIAL.

Jury Will Not Witness Test on Stomach of Dead Man.

Chicago, March 29.—The jury which is trying Mrs. Louise Vermilya, charged with murdering Richard T. Smith by poison, will not witness the test on a part of the stomach of Smith.

Arrangements had been made by Prof. Walter S. Hines, a toxicologist in the employment of the state, to make the chemical test in the presence of the jury to day, but Judge Sullivan, on the request of the defense, ruled against the demonstration. The defense originally requested the test and the state agreed to it.

"Why do you believe death was caused by acute arsenic poisoning?" asked Prof. Hines. For the defense, "Because from my finding a large dose, it must have been given a short time before death," the witness replied.

It is the contention of the state that Mrs. Vermilya administered to Smith in his food a rat poison which contained arsenic.

SYLVESTER M'COOL INSTANTLY KILLED

Workman Falls Fifty Feet From Tree While in Act of Cutting Limb Off—Coroner Skinner Holds Inquest.

Sylvester McCool, while in the act of trimming trees on the premises of W. H. Jackson, 843 South Church street, suffered a fall of some 50 feet, meeting instant death, at 2:30 Friday afternoon. He fell in such a manner that he hit on his head and shoulders. William Marion, who was working with him at the time, was on the ground holding a rope, which was attached to a large limb that Mr. McCool was sawing off. As the limb came loose the rope gave away and Mr. Marion turned around just in time to see the man hit the ground. George J. Hocking, and J. K. De Paris, employees of the Jacksonville Railway and Light company, who were working near the Jackson place, were witnesses to the tragedy. B. C. Marrs, who is also employed by the company, gave the following testimony before the jury, which was empaneled by Coroner Skinner, and met at the undertaking establishment of Williamson & Cody, where the body was taken.

B. C. Marrs' Testimony.
"I was working on Morton avenue near Church street and saw deceased in tree cut off two small limbs first, using an ax. I went on past the place and when I came back he was cutting a large limb, and was sitting in the fork of the tree, cutting the limb above where he was sitting. I had a rope tied to top end of limb with end thrown over another limb, with end fastened to another tree. When I came up he had the limb almost off and we went on around the corner. He had men helping him pull at the rope to see if the limb would break after chopping it. When the limb broke he was in crotch of tree and rope held him from falling clear to ground. My opinion is that when the limb fell it took out the slack in the rope and whipped the man out of the tree. I saw him start to fall but house obscured my view from seeing him strike the ground. As we picked him up a slight groan was heard and when we laid him on the porch he gave three gasps."

W. H. Jackson's Testimony.
"I reside at 843 South Church street. Deceased came to me on Tuesday and made arrangements with me for trimming trees. At time of the accident he was in tree working and either became tangled in ropes or was pushed off by another limb. Saw him after he started to fall and saw him strike the ground head first. When I reached him it was lifeless and apparently dead. I immediately summoned a doctor. This happened about 2:30 o'clock."

Dr. T. A. Wilson's Testimony.
"I was summoned and arrived at 2:45 and made an examination of the body, finding that the neck was either fractured or dislocated. His opinion was that death was instantaneous."

Verdict of Jury.
The jury was composed of George W. Scott, foreman; Harry Norris, J. W. Panning, Ray Fernandez, William Boylan and B. C. Skinner, clerk. Dr. Wakely, William H. Marion, J. K. De Paris also gave testimony before the jury and the verdict rendered was "that the deceased came to his death by dislocation of neck, caused by falling from a tree in the yard of W. H. Jackson, 843 South Church street."

Life of Mr. McCool.
Mr. McCool was about 60 years of age and had been a resident of Jacksonville for ten years. The family for a time resided at 458 Harding avenue, but moved later to Mothers street. Mr. McCool was a man well versed in wood craft and possessed a superior knowledge of tree trimming, pruning vines and keeping orchards in proper condition. He was an industrious man and when not busy at his trade worked at other jobs about the city. He was of a quiet disposition and had many friends, who will hear of his untimely death with sorrow.

Besides his wife he is survived by three children, Mrs. E. H. Richie of Beardstown, Luther of Washington, Ind., and Miss Conzoda, residing at home. No funeral arrangements have been made.

WHILE YOU ARE LOOKING
At Windows today, remember that Vickers & Merrigan's is especially attractive, containing some attractive novelties for Easter, artistically arranged, at prices that will simply make you buy. Don't fail to have a look today.

Mrs. T. C. Hill of Winchester is visiting at the home of John R. Hill on Greenwood avenue.

This shows a new room with the BEAVER BOARD being nailed to the studs. The work is easily and rapidly done, without the labor and confusion of lath and plaster.

This shows how the room looks when finished. It suggests but one of very many artistic schemes of design and decoration possible with BEAVER BOARD walls and ceilings.

Use BEAVER BOARD for the Walls and Ceilings of Your New or Remodeled Building

It costs less than lath and plaster, lumber, or metal; is more quickly and easily put up; is durable, sanitary and artistic.

It will not crack, chip or deteriorate with age; it deadens sound, keeps out heat and cold, retards fire, and resists strain or vibration.

Made entirely of selected woods, reduced to fibrous form and pressed into panels of uniform thickness, with handsome pebbled surface. Made in convenient sizes for every purpose. Small quantities furnished for making many decorative and useful household articles. Full instructions for application. Apply to

SENIOR RECITAL

Miss Beryl Vickery, a pupil of the School of Expression of the Woman's college gave her senior recital in music hall Thursday afternoon, which was attended by an appreciative audience. In that beautiful story "The Sign of the Cross" by Wilson Barrett, Miss Vickery found a large opportunity to display her varied talents. For three years, Miss Vickery has been a pupil of the school of Expression, and she is a thorough student, and possesses those qualities of voice and expression which always win and hold her audience. Miss Vickery had arranged the story herself and for one hour she kept the close attention of everyone and all were delighted with her interpretation of the story so full of pathos and tenderness and she seemed to leave nothing undone to make her effort a really artistic one.

I recommend your remedies to my friends and give you permission to publish what I write."

Mrs. H. Von Roden, Lyndon, Ky. When a woman like Mrs. Von Roden is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The richest food in the store is our Fruit Cake, made last October, priced at only 35 cents a pound. You couldn't make better cake.

Fresh Roasted Peanuts, 2 pounds for 25 cents. They are fine fat nuts, the very best that money can buy.

LEMONS FROM SUNNY ITALY.

To day we are offering Messina lemons from Sunny Italy. They are full of juice and have scarcely a seed in them. The skins are thin and these lemons are the kind you really want. Stop buying lemons for beauty—get LEMONS. Largest size, 35 cents a dozen, three lemons for 10 cents.

ELEPHANT ORANGES.

Elephant Oranges are without a doubt the juiciest, sweetest and best oranges in the market. These oranges ripened on the tree are hand picked and hand packed. Prices right—25c, 35c, 45c and 55c a dozen.

PARSNIPS AND OTHER VEGETABLES.

If you like parsnips you will be pleased with those we are offering to day—home grown, washed and of good size. You will find them excellent in every way and the same is true of our home grown turnips, new potatoes, carrots, new cabbage, celery, cauliflower, radishes, green onions, head lettuce, leaf lettuce, water cress, parsley, mint sauce, wax beans, rhubarb, cranberries, fresh pineapples, and, in fact, everything else in fruits and vegetables in season.

Think of this—a whole peck of green spinach, cooked and ready to eat, 15 cents a can; the Blue Ribbon brand.

If you do not like Blue Ribbon Salad Dressing, the reason is because you have never tried this excellent dressing. Large bottle, 25 cents.

BEECH-NUT BACON

BEECH-NUT BACON is ONLY one item with which we have reduced our cost of living. You can now buy this standard bacon of us at 30c per pound SLICED as you like it instead of paying 53 1-3 to 60 1-3 cents per pound in glass jars. Ask us about Beech-Nut Bacon Bakers.

Roberts Coffees

Coffees must have real quality in them to satisfy people day after day without criticism or complaint. That's what our Six Perfect Blends are doing. The demand for them grows apace and the reason lies in the fact that these coffees have an unvarying quality.

PYTHIANS TO MEET AT WHITE HALL.

District Convention Will Be Held
Next Tuesday.

The tenth district convention of
Knights of Pythias will be held at
White Hall next Tuesday arrange-
ments having been completed by
Ralph I. Dunlap, state district deputy
in connection with White Hall com-
mittees. The tenth district includes
the counties of Cass, Greene, Morgan
and Scott. A number of Pythians
from this city will attend and
the occasion promises to be one of
great lodge and social interest. In
a letter of invitation just issued Mr.
Dunlap as district deputy, and Harry
E. Reil of White Hall, as chairman
of the program committee, the facts
about the program are given as fol-
lows:

Each of the thirteen lodges in
the district will be represented by
at least one delegate to transact the
official business, but it is the desire
of the Grand lodge officers, as well
as the state district Deputy, county
deputies and local committee, to have
a large attendance.

The program will be as follows:
2:00 p. m. at Castle Hall.
Opening by Porter lodge, No. 342.
Receiving grand lodge officers and
prominent pythians.

Calling roll of lodges.
Reports of lodges.
Selection of 1912 place of meet-
ing.

Selection of state deputy.
Selection by counties of county
deputies.

Address by superintendent of In-
surance department (if present).
Exemplification of Secret work.
Conferring of grand lodge rank.
Recess for supper.

8 p. m. at Castle Hall.

The evening program will be for
the public as well as the members
of the order. Our Grand Chancellor
Charles L. Ritter, visiting supreme
lodge and grand lodge officers, and
prominent Pythians will deliver ad-
dresses.

Leave your millinery orders at
Herman's and get the right style.

SUIT FOR DIVORCE.
Mrs. Mary Horton by her attor-
ney T. F. Smith, has brought a suit
for divorce from her husband, Elmer
Horton, alleging infidelity and de-
sertion. They were married Janu-
ary 9, 1897, and lived together until
May 12, 1910. Their home former-
ly was near Murrayville and later
in Los Angeles, Cal.

Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

PAST MASTERS

Annual Celebration—Grand Event in Harmony Lodge No. 3, A. F. & A. Masons.

The annual celebration of the past masters is an event in Masonry of significant importance and one which is enjoyed in no ordinary manner, but this year Harmony lodge outdid itself in the way in which the ceremonies were performed and the good cheer that followed at the Pacific hotel.

The lodge room was packed during the afternoon and evening Friday and everything passed off smoothly and with the best of success and afforded great pleasure and profit to all present.

In the evening, after the work was completed, all adjourned to the banquet room of the Pacific hotel where 275 Masons sat down to enjoy the good cheer provided. The event was excellent and was thoroughly enjoyed by all, but the flow of soul which followed was far better.

Brother Bradley called the brothers to order and introduced Bro. F. A. McCarty as the toastmaster of the evening and while that gentleman is proverbially happy on such occasions he more than sustained his enviable reputation that evening. His introductory remarks and words introducing the various speakers were full of eloquence, humor, wit and brotherly feeling. He referred tenderly to Bro. G. W. Miller of Woodson, whom all so much esteem and desire to have present on all such occasions but who was detained by ill health.

He then called on the new brothers first and they all responded most happily. As the hour of adjournment was almost two in the morning it is simply impossible to give space to the speeches. The speakers were: T. B. Reeve, who said he would long remember the occasion.

James Conover, who greatly appreciated the honor conferred upon him.

Leroy Craig, who promised to honor the order at all times. Then came the regular responses of the evening and it is a source of regret that more space cannot be given to the fine addresses made. Scarcely does one hear such fine after-dinner oratory. Preceding each speaker Brother McCarty most happily mentioned some good things and often convulsed the assembled brothers. The first speaker was

H. H. Bancroft, whose theme was "Masonry as viewed by a past master." He referred humorously to his experience and gave some fine advice and eloquently told of the good of the order.

W. S. Rearick, Ashland lodge 979, was an honored guest and spoke on the theme "Gavel and Trowel." He tendered fraternal greetings to all the brothers and showed the fine qualities of his mind. He was heard with no small pleasure.

T. P. Carter, district deputy grand master, responded to the theme "Masonic Furniture." His speech was replete with wit and wisdom and gave excellent satisfaction and like all the rest was greeted with applause.

The last sentiment was assigned to Bro. W. L. Dorgan, pastor of the First Baptist church. His was truly a noble effort and a few thought are given.

Masonry believes in honest mirth and puts her stamp of approval on all that is pure, good and upright. This is a good occasion to discuss serious as well as other problems. Masonry is founded on a belief in God and the immortality of the soul. It says to man, "You are building for time and for eternity." We build according to our nature. If staying in the forest for a few days our structure would be erected with little care for permanency. If in the sunny south we should pay little attention to warmth; if the frigid north we would be careful to keep out the wintry blasts. We are building for eternity; hence how careful we should be.

The speaker then recited Leigh Hunt's poem, "About Ben Alden." If a man is true to the teachings of Masonry he is much what God would have him to be though that alone is not sufficient to salvation. The gentleman closed with Tennyson's beautiful poem, "Crossing the Bar," and long applause followed.

Asa Robinson, master of Harmony lodge No. 3, said a few words of greeting and proposed a stanza of "God be with you till we meet again," and the good nights were said.

LAWYER COMMITS SUICIDE.

Washington, March 27.—Philip Hiebhorn, a young lawyer and son of the late Admiral Hiebhorn, committed suicide to night by shooting himself in the head with a revolver. Despondency over the elopement of his wife with Horace Wylie, a Washington attorney, last summer, probably was the cause.

Wylie and Mrs. Hiebhorn were last heard of in France. Mrs. Hiebhorn was a daughter of the late Henry M. Hoyt, former solicitor general of the United States.

CORONER'S INQUEST.

Inquiry is Made Into Death of Mrs. Turner of Waverly.

Coroner G. V. Skinner went to Waverly Friday morning and held an inquest over the body of Mrs. Mary Catherine Turner. The jury, which was composed of John C. Brodie, John W. Thompson, George A. Boyer, Charles Sharp, Frank Zoll and W. C. Hammel, found that she came to her death from drinking Lewis lye with suicidal intent.

The witnesses were Mrs. W. A. Jones, Joseph Deatherage, Martin Turner and Dr. N. J. Hughes, all of whom testified substantially to the facts published in the Journal of Friday.

MERRY CANDY MAKERS.

Last evening the members of Miss Reed's class in Grace M. E. Sunday school had an old fashioned candy pulling in the basement of the church. A merry throng played and jumped while the candy was being prepared and when it was ready, willing hands seized it and made it into all sorts of shapes and then it went where all candy goes when a child gets hold of it.

Rev. Mr. Gary superintended the making of the confectionery and while he is not probably open to an engagement he certainly could help out a professional who might be in a close place for want of assistance. The whole affair was a fine success and the merry young people who were the ones to be entertained had a very delightful time.

She was about 90 years old and leaves a son, John Garrett, and a daughter, Mrs. Mary Allen. Her husband was a brother of the late Samuel Garrett of this city. Mrs. Garrett is also survived by a number of relatives living near Chapman.

Price.

Mrs. Orpha Price died at 5 o'clock Friday afternoon at her home, 640 North West street, at the age of 89 years. She was born in the state of Kentucky, but came to Illinois when young and was married to George W. Price in this city. She was a member of Mt. Emory Baptist church and was held in high regard by many friends.

Mrs. Price is survived by five children, Mrs. Emma Lewis, of this city; Mrs. Kate Reeves, Thursday morning very suddenly from an attack of heart failure at her late home in Barry. She was born in Jacksonville, Nov. 28, 1886 and is survived by her husband and one daughter, also her mother, Mrs. Kate Torrey, also several brothers and sisters. Mr. Torrey went over to Barry yesterday to attend the funeral services.

McGhee.

Mrs. Winifred McGhee, a sister of Mrs. H. H. Benson of this city, died at 7:35 o'clock Friday morning in Cartersville. She is survived by her husband and three children; also by two sisters, Mrs. Benson of this city and Mrs. Velma Holliday of Paris, Tenn. and brother, Clyde Crawford, now in Montana. Mrs. Benson has been with her sister for the past week.

Dudley.

Loren Torrey has received word of the death of his sister, Mrs. Mabel Dudley, who passed away Thursday morning very suddenly from an attack of heart failure at her late home in Barry. She was born in Jacksonville, Nov. 28, 1886 and is survived by her husband and one daughter, also her mother, Mrs. Kate Torrey, also several brothers and sisters. Mr. Torrey went over to Barry yesterday to attend the funeral services.

The funeral of Joseph M. Salby was held at 2 o'clock Friday afternoon from Northminster Presbyterian church, in the presence of a large gathering of relatives and friends, many members of the G. A. R., Woman's Relief corps and the Odd Fellows attending. The service was impressively conducted by Rev. Walter E. Spooner and the singing was by a quartet composed of Mrs. James Scott, Mrs. Henry Vieira, Edward Nunes and W. W. Gillham. The many beautiful flowers were cared for by Mrs. Frank and Miss Bessie Burnett.

Interment was in Jacksonville cemetery and the bearers were John Minter, Charles Hopper, Scott Carter, John Nunes, John Baptist and George Vasconcellos. The Odd Fellows had charge of the service at the grave.

Orr.

Robert Orr died Friday afternoon at 3 o'clock at his late home, four miles northeast of Concord. He had been ill for several months. He was born and reared in the Concord community and was widely known and highly respected. He was 47 years of age and besides his wife is survived by seven children. He also leaves his father, Calvin Orr and two brothers, John of Kansas, Nelson at home, and one sister residing in Kansas.

No funeral arrangements have been announced.

CONFERENCE ON ADVANCED INSURANCE RATES.

Over 200 members of the M. W. A. camp No. 912 were present at a meeting held Friday night for the purpose of a conference relative to the new advanced insurance rates of the organization. Addresses were made by J. O. Priest, Joseph Gomez, J. M. Vasconcellos, E. M. Vasconcellos, Earl Vasconcellos and others. Later on a county M. W. A. convention will be held to work in conjunction with other county organizations for the purpose of fighting the increased insurance rates.

Y. M. C. A. PLANS IN INTEREST OF BOYS

Directors of Association Devise Means of Extending Advantages to Young Men.

The directors of the Y. M. C. A. for some weeks have been considering and working out a plan which should meet with public approval will enable the association to extend its opportunities and advantages to hundreds of boys and young men between the ages of 10 and 21, who have not been in touch with the institution.

In order to broaden the work of the Y. M. C. A. it is proposed that whenever the very reasonable conditions hereafter mentioned are met by those who are interested in the boys that should there be no objection by parent or guardian the superintendents of the various Sunday schools may issue to every boy of proper age enrolled in the schools a Y. M. C. A. membership ticket for balance of the year 1912, which when approved by the secretary of the Y. M. C. A. will entitle him to the privileges of the institution, the ticket to remain in force on condition that the owner comply with the rules and regulations of the Y. M. C. A. and attend Sunday school at least three Sundays in each month, marginal dates on the membership card to be punched at Sunday school as evidence of attendance, sickness, of course, to be taken into consideration.

New pupils enrolling Sunday school may have Y. M. C. A. membership tickets after having attended Sunday school three consecutive Sundays or three Sundays in one month. Forfeited membership on account of non-attendance at Sunday school may be reinstated on same basis as new pupils. The Y. M. C. A. seeks to assist in the development of the young man religiously, physically, intellectually, morally and socially and proposes to do this by means of religious talks and special lines of Bible study, through its splendid gymnasium equipment, swimming pool, basketball, baseball, etc.; through occasional medical lectures by prominent Christian physicians, and by music, games, reading room, etc.

The directors have also devised a financial plan in order to meet the necessary and reasonable expenses of the Y. M. C. A. from April 1 to the close of the year 1912, paying salaries of secretary, physical director, janitor, also light, heat, water, etc. This will require approximately \$10 per day for the remainder of 1912, in addition to the present pledges and memberships. It is proposed to raise this amount by a large number of very small daily pledges, no one to be solicited for more than 5 cents per day, and from that ranging down to 1 cent per day. No money will be required in advance and pledges are to be paid to a weekly collector. Membership tickets will be issued when enough has been pledged to assure the success of the plan.

In order to divide up the work it is suggested that territory be divided up among ten collectors or groups of collectors, each trying to raise \$1 or more per day, the general canvass to be made on an individual basis in the churches as well as in the business district. After the collectors have been appointed each collector will solicit in his own block after the plan has been fully explained and he has been trained for the work. This plan is to be considered experimental by the board of directors of the Y. M. C. A. and should it for any reason be thought best to discontinue it, it will expire by limitation Jan. 1, 1913.

W. N. SMITH NOMINATED.

A meeting of the Democratic club of the third ward held Friday evening at 7:30 o'clock at the Franklin school. There was a large attendance and John Merrihan was elected temporary chairman with W. C. Howe as secretary.

The object of the meeting was to choose a candidate for the board of education and on motion of Edward Loneragan Walter N. Smith was named and he received unanimous approval. Mr. Smith was heard in a brief address as well as ex-Alderman Loneragan, and both made optimistic speeches relative to the Democratic success at the polls.

FOR STEALING BRASS.

Henry Jenkins Arrested With Goods on Him by Officer Shannon.

Henry Jenkins, who has figured prominently in police circles in Jacksonville, on charges of stealing railroad brass, has again come into the clutches of the law, while engaged in "his old occupation." Early Friday morning Jenkins was bringing about twelve pieces of brass, weighing 380 pounds into the city for the purpose of disposing of the same to the junk dealers and not being able to carry such a load asked the loan of a wheel barrow from Frank Shannon, as is well known, wears the brass buttons, but did not have them on at the time of the borrowing. The officer, however, detected that something was wrong, so shadowed the man. Jenkins put on his load at the Rount street subway, where he had thrown it off a Burlington freight, and started up town, but was soon halted by Officer Shannon, who put him under arrest and escorted him to police headquarters. Six pieces of brass were identified. The others included, one each from the Rock Island and Pacific, Missouri Pacific and Lake Erie and three from the Wabash.

About four months ago Jenkins visited Jacksonville and was arrested on a similar charge by Officers Tuite and Arenz, and was 30 days in the lockup. Jenkins is a man about 35 years of age. He will be turned over to the state for prosecution.

WILL WED TODAY

Nuptials of Mr. Walter Hellenenthal and Miss Bertha L. Brown to Take Place This Morning.

Mr. Walter Hellenenthal and Mrs. Bertha L. Brown, will be married this morning at 10 o'clock, by Rev. Clyde Darsie, the ceremony to take place at his residence on West College avenue. The witnesses will be Mr. and Mrs. Clarence Large.

Both young people are well known in the city and command the respect of every one. The bride is the daughter of Mr. and Mrs. E. R. Brown of 804 East College avenue. She is a graduate of the Jacksonville High school with the class of 1907 and of Brown's Business college in 1909. For the past year and a half she has been employed as a stenographer at the Jacksonville State hospital. She possesses a sunny disposition and through her kindly ways has won many admiring friends. She is a member of the Central Christian church. The groom is the son of M. Hellenenthal, a well known family of the city. He was formerly engaged with his father in the carriage repairing, painting and trimming business, and recently acquired his father's interest, the firm's name now being Hellenenthal & German. Mr. Hellenenthal is a young man of good character and possessed of business ability.

Following the marriage at the parsonage the young people will go to Beardstown, via the Burlington, at 11:25. They will be accompanied by Mr. and Mrs. Clarence Large and will be guests to a luncheon at the home of Mr. Hellenenthal's sister, Mrs. J. C. Coleman. On Saturday evening they will go to Springfield to be guests at the home of the groom's brother, Charles Hellenenthal.

Upon their return to Jacksonville they will be at home to their friends at 717 South Clay avenue, where they will carry with them the best wishes of many friends for a happy married life.

MISS BLAKEMAN WINS CONTEST

Girls of Whipple Academy Contend for Honors in Declamation—Miss Gladys Shumaker Receives Second Place.

Miss Alma Blakeman received first honors in the annual contest in declamation, which was held Friday night in Academy hall by the girls of Whipple Academy. Second place was awarded to Miss Gladys Shumaker. Each of the nine contestants acquitted herself with great credit and the program in every way was a very meritorious one. The musical numbers by the Conservatory faculty and students were thoroughly enjoyed and highly appreciated.

The program was unique this year in that the declamations were all from Charles Dickens' "Christmas Carol." Mrs. Thompson, who had the training of the speakers in charge, early in the year organized the Whipple girls, who were to enter the contest, into a reading class and the meetings each week have been the source of much helpfulness. Mrs. Thompson's strength as a teacher and her ability to see all of the dramatic and the beautiful in the best selection was well displayed in the work of her pupils last night. The judges were Miss Lorenna Weber, Supt. W. A. Furr and Prof. W. O. Beal. The contest was a very close one, the markings of the two highest varying by a very small margin.

Lorimer and Small Will Visit Jacksonville This Morning

United States Senator William Lorimer and Len Small of Kankakee, candidate for the Republican nomination for the Governorship of Illinois, will visit this city Saturday morning, March 30.

They will arrive on a special train from Springfield at 11 o'clock, and will make addresses at the Court House at 11.15 o'clock.

Senator Lorimer and Mr. Small are making this trip in the interest of Mr. Small's candidacy and they will discuss the issues of the campaign in a plain and straightforward way.

Len Small stands for an economical business administration and represents the interest of the farmers, business men and all others who work. He promises to serve the whole people, if nominated and elected, and will not be controlled by any man or coterie of men.

You are invited to attend this meeting and listen to speeches made by men who believe in True Republicanism and who are Seeking to Build Up the Party Every Day.

TARIFF WAS SUBJECT

Address Delivered by Col. Roosevelt at Albert Lee, Minn., Yesterday.

Albert Lee, Minn., March 29.—Theodore Roosevelt delivered an address here this afternoon on the tariff. His train stopped at Albert Lee for a brief period on its way from Cedar Rapids to St. Paul. Colonel Roosevelt spoke as follows:

"On September 3, 1910, I spoke as follows on the tariff at Sioux Falls, having gone over the speech most carefully with my lamented friend, the late Senator Dillier, whose ideas I expressed as well as my own."

"Whenever men just like ourselves—possibly not much better, but probably not in the least worse—continually fail to give us the results we have a right to expect from their efforts, we may just as well make up our minds that the fault lies, not in their personalities, but in the conditions under which they work; and profit comes, not from denouncing them, but from seeing that the conditions are changed. This is especially true of tariff making. It has been conclusively shown, by experiments repeated gain and again, that the methods of tariff making by congress, which have now obtained for so many years, cannot, from the very nature of the case, bring really satisfactory results. With the present tariff, made by the same methods as its predecessor and as that predecessor's predecessor, there is grave dissatisfaction. The people know that there are some things in it which are not right, and therefore they tend to suspect the, as I think, more numerous things in it which are right. They know that the system on which it was made, the same system on which its predecessors were made, encourages a scramble of selfish interests, to which the all-important general interest of the public is necessarily more or less subordinated. There was a time when this scramble was regarded as the natural course in tariff making, and was not resented. The people demand, and rightly, that the profit of the special interests shall be subordinated to the general welfare in every case. It is this attitude—practically a new attitude—of the people which must be met in dealing with the present tariff, and with proposals to amend the present tariff. Very little improvement, indeed, will follow any attempt to revise the tariff by methods hitherto used. The thing to do is to change the methods. I believe that this country is fully committed to the principle of protection; but it is to protection as a principle; to protection primarily in the interest of the standard of living of the American workman. I believe that when protection becomes not a principle but a privilege and a preference—or, rather, a jumble of privileges and preferences—then the American people disapprove of it. Now to correct the trouble it is necessary, in the first place, to get in mind clearly what we want; and, in the next place, to get in mind clearly the method by which we hope to obtain what we want. What we want is what I have already said—a square deal in the tariff as in everything else; a square deal for the wage earner; a square deal for the employer; and a square deal for the general public. To obtain it, we must have a thoroughly efficient and well-equipped tariff commission."

"The tariff ought to be a material issue, and not a moral issue; but if, instead of a square deal, we get a crooked deal, then it becomes very emphatically a moral issue. What we desire, when I say 'we' I am speaking of the American people—in a tariff is such a measure of protection as will equalize the cost of production here and abroad; and as the cost of production is primarily labor cost, this means primarily a tariff sufficient to make up for the difference in labor cost here and abroad. The American public wants the American laboring man put on an equality with other citizens, so that he shall have the ability to achieve the American standard of living and the equality to enjoy; and to do this, we must see that his wages are not lowered by improper competition with inferior wage workers abroad—with wage workers who are paid poorly and who live as Americans are willing to live. But the American public does not wish

As "Ed" Howe Sees Life

Every town man talks about the farmers he can control. It's a pity every town man does not control several town men; it is the town men who stir up most of the devilment.

A good many amiable white lies are told by men who pose as teachers of truth.

When some people are not talking, they are sored.

When a woman finds fault with her husband, he doesn't hear half she says; but he hears her every time she compliments him.

When a woman actually hits a man, how proud the women are.

Everyone likes to tell secrets. And if people know you have one, they can coax it out of you.

The man who wants to do a great deal for the people, wants to do it by law; with all his goodness, he isn't willing to do it himself.

Being dead isn't so bad; it is being half dead that is disagreeable.

One stubborn, forceful man in a convention, congress or committee, has more power than a thousand citizens who don't like to say anything.

A newspaper never seems prejudiced when it is on your side.

Women hate to ask for money; but they do it. What is the best thing for a woman to do—ask for money, and run the risk, or not ask, and be satisfactory but poor?

I never knew a woman who emptied the crock under the refrigerator until it began to run over.

to see the tariff so arranged as to benefit primarily a few wealthy men. "As a means toward the attainment of the end in view, we have as yet devised nothing in any way so effective as a tariff commission. There should be a commission of well paid experts, men who should not represent any special interest or industry; who should be masters of their subjects; men of the very highest character, who should approach the matter with absolute disregard of every outside consideration. I do not want to see these men of one party or another or of one trade or another; but experts, single minded in finding out and telling the truth. These men should take up in succession each subject with which the tariff deals and investigate the conditions of production here and abroad; they should find out the facts and not merely accept the statements as to the facts of interest and parties; and they should report to congress on each subject as soon as the subject has been covered. Then, action can be taken at once on the particular schedule concerned, while the commission immediately proceeds to investigate another. By these means less feeling would be avoided, and even subject treated on its merits, while there would be no check to general industry as in the present custom of making sweeping changes in the whole tariff at once. Finally, it would be the duty of some governmental department or bureau to investigate the conditions in the various protected industries, and see that the laborers really are getting the benefit of the tariff supposed to be enacted in their interest. And, if, from an investigation of certain industries, it appears that the tariff, supposed to be imposed for the benefit of the wage worker, results in such shape that the benefit does not reach him, the tariff on that industry should be taken off. Moreover, to secure good treatment abroad we should keep the maximum and minimum provision."

"There is but little to add to what I have thus said. We believe this country is committed to the principle of the protective tariff, created recently as a principle and not as a bundle of preferences, so that the benefits and burdens may be fairly and evenly distributed and special privilege eliminated. We do not believe in any unwarranted profit for anybody, but we do believe in a standard of protection adequate to maintain the high standard of living of American citizens. The prime need in any future revision of the schedules, or in any future arrangement whatsoever affecting the tariff is to protect the interest of the farmer and the wage worker. There must be no alteration of the tariff which compels the farmer to bear the whole burden. The welfare of the men who live by tilling the soil is vital to the welfare of the nation, and everything that can strengthen him in his social and industrial life should be done. The American farmer is willing to bear his share of whatever is done, but he must not be asked to do more. In any manufacturing or mining or similar interest the welfare of the wage worker should be the prime test of the working of the tariff. We wish to see prosperity come to all our great industries, but unless the prosperity gets down past the office, then it is not the right kind of prosperity; in other words, while the wage worker is glad to have the employed get his full share of the prosperity, yet in return the wage worker has the right to insist, and we insist for him, that a fair share of the prosperity gets down past the office to be distributed among the men who work with their hands."

QUICK RELIEF FOR RHEUMATISM
George W. Koons, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast. Sold by L. P. Alcott, druggist."

Motherhood

The highest point of woman's happiness is reached only through motherhood, in the clasp of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

TRADE IS MOST SATISFACTORY

FORWARD MOVEMENT IN BUSINESS CONTINUES.

Trade Reports From West and South Are Good—Larger Demand and Optimistic Outlook Make Situation More Favorable.

New York, March 29.—R. G. Dun & Co.'s Weekly Review of Trade for tomorrow will say:

The forward movement in business continues; reports from the west and south are particularly good. The advancing season, favorable crop conditions, expanding confidence with maintained conservatism, low stocks of merchandise, with a larger demand and a more optimistic outlook combine to make the situation in industry and trade the most satisfactory in many months. Mill operations in iron and steel are steadily expanding and the output of all products this month is expected to establish a new high record. Higher prices are now in developing, but there is little talk of concessions. A better inquiry is noted for tinplate and there is considerably more activity in structural material, while wire goods move more freely.

Although conservatism is still prominent, the demand for merchandise in dry goods is broadening. Sales of print cloths for export have been the largest in the history of the trade. Woolens and worsteds are in more active request, an especially good business being done in the latter. One leading factor advanced the price of staple worsteds 5 cents a yard. Business in light weight serges is active and some substantial orders for clothing manufacturers have been placed at advances of a cent per yard.

Bradstreet Report.

New York, March 29.—Bradstreet's report for tomorrow will say:

This week's reports reflect two sets of conditions, the favorable side being comprehended in sustained wholesale trade, further growth in optimism and a greatly improved stock market, while the adverse features are indicated in a backward planting season and late Easter retail trade. However, improvement, heretofore noted in wholesale lines is being held and in some instances the volume of business has expanded. In the iron and steel lines the firmness of quotations causes increased specifications on finished goods, and incidentally the mills are insisting that contracts must be specified against in accordance with their terms as to dates of expiration, or else be renewed on the basis of a high price. Pig iron is firm and tends to move higher. Western roads have released orders for 100,000 tons of steel rails. The market for iron ore is an open one, and Bessemer grades are 75 cents ton below last season's figures, while non-Bessemer is down 65 cents.

Collections are somewhat more prompt at certain places, but on the whole they are hardly better than fair.

Business failures in the United States for the week ending March 25 were 253, against 252 last week; 260 in the like week of 1911; 292 in 1910; 284 in 1909, and 247 in 1908.

BACKACHE ALMOST UNBEARABLE.

Is an almost certain result of kidney trouble. D. Toomey, 803 East Olive St., Bloomington, Ill., says: "I suffered with backache and pains in my kidneys which were almost unbearable. I gave Foley's Kidney Pills a good trial, and they done wonders for me. To day I can do a hard day's work and not feel the effects."

BANK CLEARINGS.

New York, March 29.—Bradstreet's bank clearings report for the week ending March 28 shows an aggregate of \$3,188,741,000, as against \$3,294,681,000 last week and \$2,589,556,000 in the corresponding week last year.

THE ONLY WAY.

Many Jacksonville citizens Have

Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, laziness, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Jacksonville citizen.

J. M. McLaughlin, 211 1/2 East State street, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills and consider them to be a good kidney remedy. When I feel in need of a kidney tonic, I procure Doan's Kidney Pills at Armstrong's drug store and they always benefit me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"The Man Who Can be Elected Governor"

J. McCAN DAVIS of Springfield, Ill.

THE BIG QUESTION.

Thomas Jefferson prescribed three tests for a public officer: "Is he honest? Is he capable? Does he support the Constitution?"

In this day, when we are about to nominate a candidate for Governor, we must add a fourth question—a question of the greatest practical importance.

"CAN HE BE ELECTED?"

That is the vital question which at this moment confronts the Republican voters of Illinois.

It is the same question which confronted the Republican party of the nation in 1860, when Abraham Lincoln was nominated for president—not because he seemed at the time the "biggest man" of the party, but because he was the one man who could be elected.

"A REPUBLICAN OF THE LINCOLN TYPE."

J. McCan Davis has been rightly called "A Republican of the Lincoln Type." He stands for the great principles of the Republican party—the vital things that Lincoln stood for—the principles that make this "a government of the people, by the people, for the people." And, like Lincoln, he stands for no passing whims or impractical fads, but for real progress.

One of the few surviving founders of the Republican party in Illinois. It was Mr. Selby, then an editor in Jacksonville, who called the meeting of editors held in Decatur, February 22, 1856, at which the first steps were taken to organize the Republican party. Abraham Lincoln attended that meeting and helped shape its deliberations. Paul Selby, personal friend of Abraham Lincoln, now writes J. McCan Davis:

"As a personal friend and acquaintance for many years past, it is but just that I should say that the announcement of your candidacy for the office of Governor has had for me more than ordinary interest. Without entertaining any feeling of personal prejudice or hostility toward other candidates, as an original Republican and as one who regards the maintenance of the principles of that party and the protection of the rights and interests of the whole people as of the first importance, I feel impelled to express my hearty approval of your plan for a campaign independent of mere factional controversies and divisions which are now impeding the welfare of both party and people.

At the present time both the State and the Nation are confronted by a chaotic condition not unlike that which existed before the days of the civil war, and one which calls for the selection for public office of men inspired by a higher ambition than selfish greed."

Another distinguished original Lincoln Republican now surviving is Judge J. O. Cunningham, an honored citizen of Urbana, Ill. Judge Cunningham was a prominent delegate to the first Republican State convention, held in Bloomington in May, 1856. He was a personal friend of Abraham Lincoln. Judge Cunningham, in a letter to J. McCan Davis, writes:

"Your announcement as a candidate for the nomination for Governor meets my hearty approval. My influence, if I have any, shall be given to your candidacy. I wish your announcement, which I read yesterday, might be in the hands of every voter."

J. McCAN DAVIS CAN BE NOMINATED.

The one man now seeking the Republican nomination for Governor who can be elected beyond question is J. McCan Davis. That is universally conceded.

Whether or not J. McCan Davis is to be the nominee of the Republican party for Governor this year depends wholly on the good sense of the country voters—the voters who live outside of Cook county.

Chicago has had the Governorship during twelve of the last twenty years. This year the office belongs to the country.

In 1908, in the primary campaign, for Clerk of the Supreme Court, two Cook County candidates absorbed most of the vote of that county. Mr. Davis received only seven per cent of the Cook County vote, only one in every fifteen votes cast. But in the country, although there were five county candidates, he received 24 per cent of the vote—one vote in every three votes cast.

This year there are four candidates for Governor contending fiercely for the Cook County vote—virtually four Cook County candidates—while four others are dependent mainly on the country vote.

The Cook County vote seems certain to be split up in such a way that if J. McCan Davis can secure one vote in four of the votes cast outside of Cook County, he will be nominated.

If you want the nominee for Governor to be a country man—a man who will not be dominated by the "interests"—a man who, if nominated, can be elected in November—a man whose nomination will not compel defeated candidates, in order to support him, to retract all they may previously have said about him—a man whose election will mean a united Republican party and a return to the "good old days" of real statesmanship—your only course is to vote for J. McCan Davis.

Do not waste your vote on some other candidate just to pay him a "compliment."

A "complimentary vote" this year for some candidate who has no chance to be nominated, is dangerous. It merely helps nominate a man whom you do not want—a man whose nomination would mean party disaster.

Make your vote count—make it nominate a Governor—by casting it April 9 for J. McCan Davis.

Grain Letter.

Chicago, March 29. Wheat—As a professional affair with an interesting trade. News advice mainly bullish. Good rains for the new crop were a feature. Northwestern crop conditions liberal. Traders devoting their attention to the more attractive markets of provisions, corn and oats. Scapling movements are about all that may be expected. Corn Trade heavy. The local crowd worked prices lower on milder weather early, but offerings were well taken. Investment demand both from the country and from local sources was a big feature, and brought about a sharp market. The St. Louis deal is still a factor and this market late in the session reflected the easier tone northwest. Receipts are small. Country offerings to arrive are practically nothing. Country elevator stocks have been greatly reduced since the heavy farm deliveries early in the year. An enormous short interest has been created and covered on the recent advance and realizing sales to day and probably tomorrow, to close the week's transactions and collect profits may have a depressing effect. Local bull traders have again been successful and should any setback come they may be counted upon to re-invest heavily. Bad roads and pressure of farm work will probably keep the moment light until after the middle of July. The season is very late. The average will probably be curtailed and with July old crop delivery, there is no reason why it should not be at least as high or higher than May. September oats at their tremendous discount under other deliveries and particularly under September corn appears to be on the bargain counter. Bears in their desire to have plenty of rope have been heavy sellers of September oats. All these contracts are straight short sales and any unfavorable conditions will cause a stampede. We believe July and September oats are a purchase.

HAIR TELLS CHARACTER.

Color of hair said to indicate a person's Temperament.

When a person's hair is thin, blonde, or light brown, it indicates a nervous, sensitive, and delicate organization. A person with dark hair, on the other hand, is more robust and sturdy. The hair of the average individual is a mixture of the two, and the color of the hair is a good index to the character of the individual.

Two sizes—60c and 75c.

YATES TALKED ABOUT CANDIDACY

FORMER GOVERNOR GREETED BY LARGE AUDIENCE AT COURT HOUSE MEETING.

In Brief Speech He Told of the Principles for Which He Stands and Defended Record of His Administration—No Words of Criticism for His Opponents—Expected to Be Nominated.

The personal, friendly interest which the Morgan county voters feel for Governor Richard Yates was exemplified Friday afternoon when an audience which filled the circuit room gathered long before 3 o'clock, the hour announced for him to speak. It was 4 o'clock before the Yates party arrived on a special train, but the audience waited patiently and listened to a most interesting program by the Jeffries band.

Mr. Yates came on a special train over the Wabash road, his party being made up mainly of reporters for the Chicago papers. A committee of well known Jacksonville Republicans met him at the station and he was taken in an automobile to the court house. As he entered the crowded court room he was greeted with cheers for it is safe to say that all in the big audience had a kindly feeling for the former governor who lived here for so many years and who still accounted as belonging to Morgan county, although his home is elsewhere. So it was a fitting thing that the cornetist who accompanied Mr. Yates should play "Yard Long Song" and the music partially covered up the murmur of other days.

In his brief speech Mr. Yates talked in a direct personal way. He had no words of criticism for his opponents. He stated plainly some of the principles for which he stands and said that he stood on the record of his former administration and asked for another. "The time was limited and long before Mr. Yates wanted to stop speaking his train manager tapped him on the shoulder and called time. The former governor, however, kept on talking as he put on his coat and hat and as long as he was visible he was heard. He hurled words and arguments at his hearers. There was little or no time for hand shaking, but many crowded up for a brief word of greeting.

Friday's Itinerary.

An idea of the way Judge Yates is working this week will show from his Friday's itinerary, which was as follows:

Leaving Paris at 7:30. Meeting No. 1—Charleston, 8:30 o'clock a. m. Meeting No. 2—Mattoon, 9:30 o'clock a. m. Meeting No. 3—Shelbyville, 11:30 o'clock a. m. Meeting No. 4—Pana, 12 o'clock p. m. Meeting No. 5—Taylorville, 1 o'clock p. m. Meeting No. 6—Jacksonville, 3 p. m. Meeting No. 7—Mount Sterling, 5 o'clock p. m. Meeting No. 8—Camp Point, 7 o'clock p. m. Meeting No. 9—Quincy, 8:30 o'clock p. m.

Judge Yates said that Morgan county was proud of its record in the matter of governors, having furnished three, Governor Duncan, Gov. Richard Yates, Sr., and Gov. Richard Yates, Jr., and that he hoped along with many other people here, in this county, to see Richard Yates again in the governor's chair in November next. The judge said that ex-Governor Yates needed no introduction here in 1912, his old home. Ex-Governor Yates was greeted with continued applause when the introductory had been completed and said in part as follows:

Memories of the Past.

"Fellow Citizens and Fellow Countrymen: It is naturally true that as I stand here in this old court house and look into your faces, that countless memories come crowding in upon me. First of all I want to express to you a word of appreciation for the part you have taken here today and for the favors of the past. This is not the first time in which I have sought the suffrages of Morgan county and I have not sought in vain. It was my lot to be born in the very midst of stirring times, Dec. 12, 1849, just eight days before South Carolina started to secede from the union. Only six months later the guns of Ft. Sumter thundered and Lincoln was proclaimed himself for the great war. Two million men put on uniform of the blue, and one million men put on the uniform of the gray. In those days, under the roof of my home, there were only two themes of conversation, the union and the flag; the flag and the union, and all else was lost sight of. It was a hard and a sacrifice when I was a child or a foot or a hand and thought little of it. The first memory that I remember was the call of a bugle, and the first song that lingered in my memory was Glory Hallelujah. I remember as a little child, with two others, I marched at the head of a company of 900 men, men who were marching for Grant and Colfax, and who called themselves the farmers. That was in 1868 and now the style of politics has changed and has changed instead of three drummers and 900 marchers, we were frequently have been drummers and three marchers. As a boy I took part in subsequent campaigns and I remember that in 1889 on at Alexander I made my first political speech in the campaign for Garfield and Arthur. In 1891 when we fought in the case for Blaine and Logan (bless their memories today), I was chairman of the county committee. In sixteen state campaigns since that time I have been an active party worker and have always fought for the Republican ticket. No night has been too dark, no part of the state too distant for me to answer a summons to do party work, and as I have been a candidate but twice during that period I must have worked for some Republicans besides myself.

Just Plain Facts.

"Someone has said that it is a mistake for a speaker to make an apology but nevertheless I will make one here for I do not purpose to make any oratorical effort here today. I see before me in almost every bench men who are able orators and I believe that you know that I can make a speech if the time and occasion are given. There is no need of oratory here today for you are accustomed to hear the sun and the moon and the stars of the oratorical world. This reminds me of the story of an old colored man named Joshua Livingston, who was on trial in a federal court in the south for illicit liquor making. During a short recess the judge thought he would have a little fun with the defendant and said: 'So your name is Joshua, is it, and are you the man the Bible tells about who made the sun stand still?' Oh no, replied the old deacon, you're wrong, judge, didn't make the sun stand still, I just made the moon shine. I am going to talk in the personal pronoun here this afternoon; that is, I am going to use I and me, for I believe that's the way you want me to talk this afternoon. Several years ago along with others I went to hear a speech by Capt. Sigsbee and he told two or three funny stories and nothing but a party which he wanted to hear. Later I heard Fighting Bob Evans talk and he started off simply by saying, 'I reckon you want to hear about the Battle of Santiago,' and then he at once gave me the details. So while I am not classing myself with these orators, I mean that I believe you want me to talk in a personal way today. A few months ago I was over in Fulton county trying a law suit, and by the way I was associated with R. M. Chipperfield who is seeking the nomination for congressman-at-large and I hope he will get it for we have need of the assistance of such men as he. In the case in question, an estate of \$400,000 dollars was involved and there were eight heirs who were trying to get all or part of it. We were in a fine old-fashioned physician who said that the decedent had been afflicted with renal sclerosis, and twenty learned physicians said that his malady had been interstitial nephritis. We called Dr. Inalls of Chicago, most famous specialist of men all. In answer to question he said that he had examined thirty-five thousand human hearts and then he said first of all the human heart is a pump. You ought to have seen those jurors sit and take notice for it was about the first English word that they had heard a physician use for eight days.

No Criticism for Others.

"I made a vow in beginning my campaign that not one word of criticism of others should escape my lips, and that there should be no bitterness in this campaign so far as I am concerned myself. Thus you see I will be in a position to support the man who is nominated for governor and all the others nominated on the Republican ticket, and I will support them and will visit every county in the state if my services are desired. The ridiculous story was circulated some time ago that I bolted the ticket in 1908, but I want to say here and now that I voted at this time for Charles S. Deneen and that no man by the name of Yates was ever disloyal to his party.

"In this state there are six hundred thousand men who vote the Republican ticket and five hundred thousand of them have no interest in the question as to which one of the Chicago factions win. They do not care whether one faction headed by William Lorimer, or another faction headed by Charles Deneen, survive. I wish that I had time to talk today about the Republican party with a history of glory and its prospect of renown. I wish I had the time to name the illustrious men that the party has produced.

A lot of the Democrats, too, this year are not interested in the Cook county squabbles and they are talking strongly of nominating a down state man. If they do there is going to be a race such as we had way back in 1892.

A Peaceful Candidate.

"One reason I have not taken any part in the campaign until during recent weeks, was because I wanted to keep out of the contests and the strife. I announced at the state fair, October 2, that I would be a candidate and I was constantly a candidate from that time forth. Lorimer, Deneen and Wayman have been going up and down the state for weeks seething one another and James has scolded them all and I am the only peaceful candidate of them all.

"I decline to discuss the initiative, referendum and recall because it is not an issue. I decline to talk about Mr. Lorimer's deep water way, or Mr. Deneen's deep water power, but I want to say right here in the bosom of the family that the people of the state are against any water plan at this time, which carries with it the idea of bonding this state for \$20,000,000. I have been in and down this state for 22 years and I know every nook and cranny in it. I yield but to one man in a knowledge of this state and that man is Shelby M. Cullom. I have spoken in 55 places since last Monday morning and I know whereof I speak in saying that the people do not favor any such plan. If I am elected governor this state will not be bonded for millions of dollars for a waterway unless the federal government does its full share and the people, by vote, again express the wish that the work be done.

States Principles.

"Up at Earlville a few days ago a man made a speech and said that I could not be depended on to sign a county option bill if it came to me as executive, but Mr. Deneen would. I want to say here and now that I would sign such a bill if it came to me as the executive of the state. I have always been a Republican and I have been attacked more for them than for any other one thing. My sainted mother taught me temperance when she took me to prayer meetings down in the basement of the Old East Church, here in Jacksonville, back as far as 1865, and I have always had pronounced views on this subject. I have always retained my faith in the Methodist church and while not as good a Methodist as I wish I were, I can never go back on the

religion of my mother or the loyalty of my father.

"If I am elected no Chicago faction will control me. Lorimer has been for me once in the past and he has been against me and this time he is against me, working for Len Small. Some years ago I and my friends made Len Small treasurer. But he owes me nothing and I owe him nothing. The people are against the third term idea in this country. Even when that popular idol, Grant, was talked of for a third term the people were not willing that he should have it. I am entitled to a second term. I hate to say it myself, but I made a good governor. I enforced the law. I prevented lynchings. I vetoed extravagant measures. My name is last on the ballot and I hope that you will find it and mark a cross in the square. When the returns are counted 'the last shall be first.'

DEAFNESS CURED

When Caused by Catarrh.

If you have ringing noises in your ears, catarrh germs are making their way from the nose to the ears thru the tubes.

Many cases of deafness caused by catarrh have been cured by breathing HYOMEL. It reaches the inflamed membrane, heals the soreness and banishes catarrh, which is the cause of most deafness.

P. C. Vanaman, railroad conductor of Birmingham, N. Y., writes that he was cured of deafness after specialists had failed.

HYOMEL (pronounced it High-o-mel) is guaranteed to cure catarrh, coughs, colds, asthma, croup and sore throat, or money back. Complete outfit with Inhaler, \$1. Extra bottles 50c. Sold by Coover & Shreve, the enterprising druggists, and druggists everywhere.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

Anna Held's Opinion of An Automobile

Arthur Bunker Motor Car Co Seattle, Washington.

Gentlemen:

I cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around your beautiful boulevard is the easiest riding American built car I have seen. Of course, my foreign machines cost me thousands of dollars, but this is the first American car that I ever thought their equal.

Respectfully yours,

Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.
